

Department of Fishery Hydrography

This is a well-established department.

Courses offered by the department:

UG Programme: B.F.Sc.(4 years- 8 semester programme)

The subjects under the course are:

- 1 FH 111 Soil and Water Chemistry (1+2)
- 2 FH 121 Meteorology; Geography (1+1)
- 3 FH 122 Limnology (2+1)
- 4 FH 211 Oceanography (2+1)
- 5 FH 212 Marine Biology (2+1)
- 6 FH 311 Aquatic Ecology and Biodiversity (1+1)
- 7 FH 321 Aquatic Pollution and Coastal Zone Management (2+1)

PG Programme: M.F.Sc. in the department (2 years – 4 semester program)

The program consists of subjects:

- 1 FH 501 Aquatic Environment and Biodiversity (2+1)
- 2 FH 502 Chemical Interactions in the aquatic environment (2+1)
- 3 FH 503 Integrated Coastal Zone Management (2+1)
- 4 FH 504 Aquatic Pollution and Wastewater Management (2+1)
- 5 FH 505 Ecology and Management of Limnetic Environment (2+1)
- 6 FH 506 Environmental Biotechnology (1+1)
- 7 FH 507 Environmental Toxicology (1+1)
- 8 FH 508 Analytical Techniques in Environmental Sciences (1+1)
- 9 FH 509 Planktonology (1+1)
- 10 FH 510 Fisheries Oceanography (1+1)
- 11 FH 511 Aquatic Microbiology (2+1)
- 12 FH 512 Aquatic Environment and Fish Health (1+1)
- 13 FH 513 Introduction to GIS (0+2)
- 14 FH 514 Marine Meteorology (1+1)
- 15 FH 591 Master's Seminar (1+0)
- 16 FH 599 Masters Research (20)

FACILITIES

- a) Physical oceanographic instruments
- b) Biological oceanographic instruments
- c) Meteorological instruments
- d) Chemistry Laboratory
- e) Spectrophotometer
- f) Electronic balance
