ABOUT IETE

The Institution of Electronics and Telecommunication Engineers (IETE) founded in 1953 is India's leading recognized professional society devoted to the advancement of Science and Technology of Electronics, Telecommunication & IT. The Institution provides leadership in Scientific and Technical areas of direct importance to the national development and economy. Government of India has recognized IETE as a Scientific and Industrial Research Organization (SIRO) and also notified as an educational Institution of national eminence. The objectives of IETE focus on advancing electro-technology. The IETE conducts and sponsors technical meetings, conferences, symposia, and exhibitions all over India, publishes technical journals and provides continuing education as well as career advancement opportunities to its members.

ABOUT KUFOS

KUFOS is the first Fisheries University formed in India, and comes under the Kerala State Ministry of Fisheries. Kerala University of Fisheries and Ocean Studies is the primary and principal instrumentality of Kerala State in providing human resources, skills and technology required for the sustainable development of Fisheries and Ocean Studies. It acts as a centre of excellence for human resource development in Fisheries and Ocean Studies and the nodal agency to establish relationship with institutions and universities at international level.

School of Ocean Engineering and Underwater Technology established in the year 2013, is a multidisciplinary engineering school aimed at solving engineering problems related to the ocean and coastal environment. With a view of producing technocrats of high caliber, we provide highly qualified faculty, full-fledged infrastructure facility and good linkages with reputed national and international research organization

ABOUT THE CONFERENCE

IETE & School of Ocean Engineering and Underwater Technology of KUFOS is jointly organizing the two day conference in Kochi to provide opportunity to the researchers, scientists, engineers and academicians working in the field of Electronics, Communication, Computer Science, Imaging and Information Technologies to discuss and interact. Topics for paper presentation are given in the "call for papers section". IETE & KUFOS jointly invite individuals and organizations to submit original research papers and to participate in the conference.

CALL FOR PAPERS

The conference will bring together leading researchers, academicians, engineers, and scientist in the domain of interest from all around the country. Topics of interest for submission include but are not limited to:

Information Systems

Machine Learning

IOT

Big Data Analysis

Data Mining

Cyber Security

Computational Intelligence & Cognitive Informatics,

Blockchain

Intelligent Systems

Intelligent Systems for Marine Applications

Intelligent Navigation

Smart Sensing Technologies

ICT Applications
