

## **V. Farm Advisory Services**

Lack of knowledge about the improved practices in aquaculture and allied sectors acts as an important constraint in the adoption of better management practices for increasing the fish production of the State. At the same, time the technologies which are production - oriented should be promoted in an eco - friendly and sustainable manner. Creating awareness on freshwater and brackish water farming, mariculture, post-harvest technologies, responsible fisheries, need to conserve the fishery resources, judicious exploitation of the fishery wealth etc. plays a vital role in the total development of fisheries sector . Such information can be provided fruitfully to the farmers and fisherfolk by way of publications, conducting training cum demonstration programmes, showing video films, motivating them by distributing various inputs etc. As part of the above project Directorate of Extension is conducting training cum demonstration programmes seminars work shop etc at various places in Kerala. KUFOS in association with AIR, Kochi and Ochanthuruth Service Co-operative bank has organized “Radio Kissan Divas” on February 15<sup>th</sup> 2020 at Bank Auditorium, Ochanthuruth. ” by conducting one day “Agricultural Workshop” at Bank Auditorium, Ochanthuruth.

Hon. Vice Chancellor, KUFOS inaugurating  
'Radio Kisan Divas' at Bank Auditorium ,  
Ochanthuruth on 15<sup>th</sup> February 2020
