

X. Farmers Training Centre

Imparting training to the fisherfolk and fish farmers is an important means for increasing the level of knowledge and rate of adoption of better management practices which, in turn, will help to augment fish production of the State, increasing the income of the farmers, creating more employment opportunities to them and improving the quality of the product for export etc . If such training programmes are residential in nature, it would result in the efficient utilization of time in a day. As part of the transfer of technology process, KUFOS is conducting various training programmes on aquaculture, harvest and post - harvest technologies under the various extension plan projects. Farmers from all over the State of Kerala attending these programmes. While organizing these training programmes providing accommodation in the University campus acts as a major constraint which could be overcome by establishing a Farmers Training Centre having all facilities. University has taken necessary steps for the construction of a Farmer's Training Centre.
