Sir/Madam

Please upload the following information and application link in the university research portal/website.

Kerala Startup Mission is inviting applications for the National Research Innovation Challenge. The challenge is open to researchers registered with accredited research institutes and universities in India. 15 best research ideas selected from the challenge would be considered for the Research Incubation Programme in Kerala. First three winners will get respective grants of grant of Rs 10 Lakh and 8 Lakh and 5 lakh. Rest of the selected participants would be offered rent waiver and media support for the entire incubation period. Last date for application is 30th April, 2022. Applications can be made at <https://startupmission.kerala.gov.in/pages/nric>.
