The School of Management and Entrepreneurship proposed to start Centre for Advanced Studies and Research in Entrepreneurship Development in Fisheries, Agri-Business and Allied Sectors during the year 2017-2022. The objective of the centre is to develop the entrepreneurship skills among the

stakeholders, especially of the fisheries sector, by providing direct and virtual incubation, collaboration with international business incubators, protection and management of intellectual assets and thereby equip them to lead a socially and financially stable life.

During 2017-18 , CASRED conducted a number of training programmes, workshop and entrepreneurship programs.

7th March 2018 – Women’s Day celebrations “Women’s Empowerment through Entrepreneurship” (WEP)

CASRED organized women’s day celebrations with the theme – Women’s Empowerment through Entrepreneurship - in the University. In their talks, the invited women entrepreneurs narrated their journey towards setting up their ventures, hardships and obstacles faced by them and the ways and means by which they are overcoming the hurdles and marching ahead.109 participants were attended the programme and the budget is sanctioned by the university.
