**NATIONAL CONFERENCE ON
"FOOD FOR THE FUTURE:
INNOVATION & SUSTAINABILITY IN
FOOD SYSTEMS"**
17-18 NOVEMBER 2025
KOCHI, INDIA

**FOOD SECURITY
through Science and Technology**

**FOOD SECURITY
THROUGH SCIENCE AND TECHNOLOGY**

ORGANIZED BY :
FACULTY OF FISHERIES ENGINEERING,
KERALA UNIVERSITY OF FISHERIES
AND OCEAN STUDIES (KUFOS)

Funded by:
Anusandhan National Research Foundation (ANRF)

About the Programme

In the context of climate change, population growth, and changing dietary patterns, there is an urgent need to explore innovative and sustainable solutions that integrate science, technology, and policies for ensuring food security.

This National Conference will be platform for

- Researchers, academicians, industry experts, policymakers, and students to discuss emerging trends in sustainable food systems.
- Sharing knowledge and strategies in food production, processing, safety, and distribution that enhance national food security.
- Promoting interdisciplinary collaborations towards achieving resilient and sustainable food systems.

PROGRAMME THEMES & SESSIONS

1. **Food Forward:**
Ideas for Future Foods
2. **The edible Enterprise:**
Innovations in Food Processing & Packaging
3. **Digi Food:**
Artificial Intelligence and Machine Learning in Food Systems
4. **Microbial Matters:**
Science behind safe foods

- **Best Paper**
- **Best Poster**
Category 1: UG students
Category 2: All others

NC FOOD FUTURE 2025

The NCFF will also feature a pre-conference workshop showcasing the latest instrumentation in food processing, packaging, and quality assurance. The pre-conference network event is envisaged to strengthen the networking and collaborations between academia, industry, and government agencies.
